CANTATA AS A BENEFIT

May Queen Will be Produced at School Hall Tonight by Children.

There were 730 children who witnessed the matinee of the "Queen of May," given at School Hall yesterday afternoon. The evening production of the cantata will be given tonight and tomorrow night for the benefit of the fund for the school children's outing, and is directed by Prof. I. T. Daniel, superivisor of music in the schools.

The cantata is a beautiful song affair in two parts. The argument shows that in the first part, according to custom, the children have met to plan their May-day celebration. A beautiful woodland spot being selected for the festivities they agree upon Lois, a girl beautiful in character and fair of face, for their Queen. Lois, however, not being present, has no knowledge of her coming honor. The planning completed, the villagers withdraw to their homes to await the coming of May-day.

Meanwhile, a band of tricky elves, indignant that mortals should dare to to desecrate their favorite haunt, endeavor to thwart the children's plans by retarding the coming of spring, so that there shall be a lack of flowers for the festivities. However, on the eve of May-day, Titania, Queen of Fairies, calls her good and loyal subjects together that they may counteract the work of the wicked elves. Under the influence of love, the magic spell they exert, flowers spring up everywhere, May-day dawns bright and clear, and the children gleefully return to crown Lois Queen of May, and to celebrate the day according to the original plans.

Mrs. I. T. Daniel will sing Denza's "May Morning," and Mrs. Clifford Joshua will recite "My First Recital" at this evening's performance.

FRANK MORGAN SENT TO HUNTINGDON FOR ATTACK UPON LOCAL CHINAMAN

All Depends Upon Himself As To How Long He Will Remain In Pennsylvania School Of Correction.

Frank Morgan the young colored man, who a few weeks ago shot and seriously injured William Yee Yeg in the latters' laundry on Sixth street, was found guilty yesterday at his trial, and sentenced to Huntingdon Reformatory for an indefinite time.

Evidence was brought out to the effect that Morgan had been refused his laundry at Yee's place, not having the money. He went out of the laundry, returned, pulled a revolver and shot five times at Yee. One bullet hit Yee over one of his lungs and he was in a serious condition for several days.

Yee Yek appeared in court himself and testified. A witness in the case, who acted as interpreter for the Chinaman, was Charles Dean, himself a Chinaman, but apparently well educated and thoroughly Americanized. Morgan's defense was that Yee Yek pulled a gun first.

The period of sentence to Huntingdon will all depend upon Morgan himself. For good behavior, his sentence may be short, probably not more than two years. It is stated that he could be made to serve ten years there however, if his behavior is not of such as to admit of his release.

Under the direction of John Tcharyk of Charleroi a drama "The Clerk and His Sweetheart," will be produced in Russian at Turner Hall this evening for the benefit of St. John the Baptist Russian Orthodox church of Charleroi. The cast is purely Russian, and home talent, and the various participants, it is said, are well trained in their various parts.

Mrs. Harper of Meadville and her daughter Florence are visitors at the home of the former's daughter, Mrs. Alden O. Davis of Fallowfield avenue.

COMMITTEE GETTING GOOD SUM OF MONEY FOR FOURTH

In this issue appears a potrait of Prof. F. B. Franks, the strong man who has been engaged to wrestle a bull at the ball park as one of the attractions on the Fourth The portrait is reproduced from a photograph taken especially for the Mail. The committee on sports has offered $100 for a bull that this strong man cannot throw in 10 minutes. There is no limit to the size of the beast, the only requirement is that it has horns, so if any farmer has a bull with some fighting qualities and wants to enter the animal against this man, he has to but make it known to J. J. Hott, chairman of the sports committee.

The finance committee will have its report ready in a few days. The members say they are meeting with good success and will make a complete report as soon as they call on every business place in the town. In talking to the chairman of finance, R. H. Rush, as to whether the committee would be able to raise enough money to carry out the original plans and to give Charleroi the biggest day the town has ever had. He said:

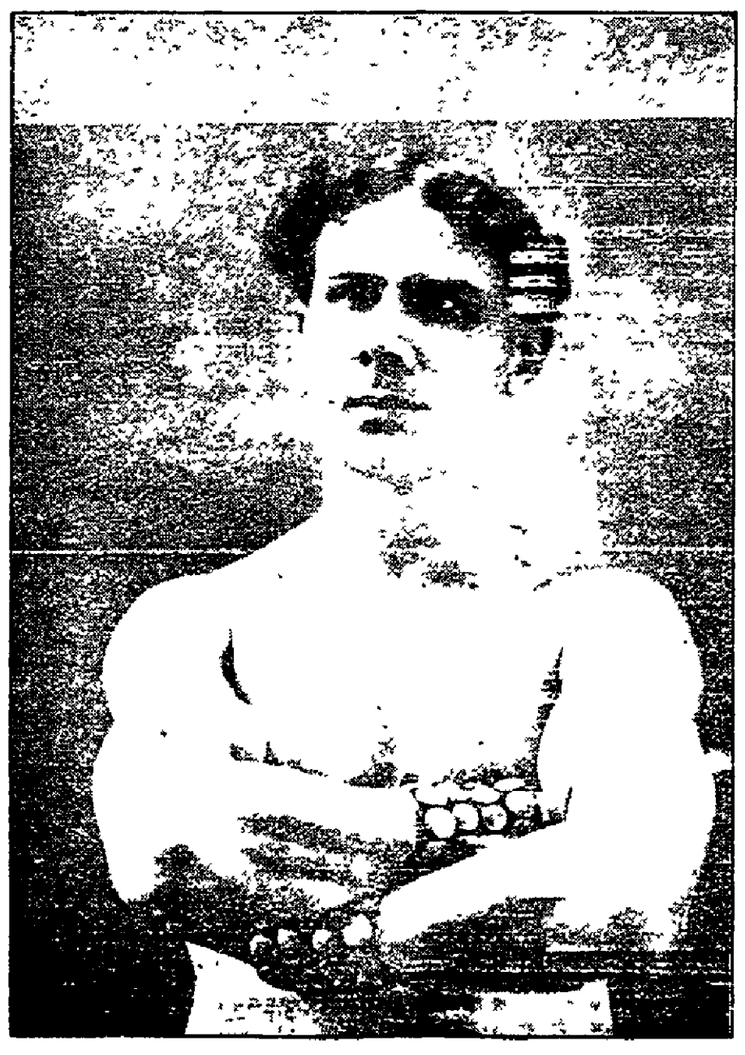
"The merchants and hotel men so far have given all they were listed for, as we aimed to raise so much, and based this amount from the reports we had from various committees as to how much each committee would require to carry out that part of the program. We will be able to reach this if the professional men and a few of the property owners will come to the front. In fact we would be glad for assistance from any source and any one wanting to assist financially can do so at any time. They can hand theirnames and amcunts to myself at the First National Bank or E. W. Hastings at the Trust company or to K. W. Daly at the Bank of Charleroi, who will be glad to give them credit for any amount they may feel like giving. You know that this is everybody's show, and we want everybody to feel that they are a part of it; so if they all will just come around with what they can, we will promise to give a good account of it on the Fourth, when everybody will have a chance to enjoy it."

Colonel A. P. Stewart said:

"I am going to burn all the money the finance committee will give me, and I invite everybody to the river to see that it's done right."

The members of the committee on speakers say they have preformed their duty and have gotten the promise from John Mitchell to speak here that day. Congressman J. K. Tener will also be here to help entertain.

J. J. Hott has had several letters from air ship people and it looks now as if the people in the Monongahela valley will be able to see for the first time an aeroplane, although these machines are in big demand on that date as they are sought for all over the country as special attractions. Nothing is too good for Charleroi, however, so all hope that Mr. Hott will "keep a digging" and let us have the airship.



MINISTERIAL SCHOOL MAY BE BUILT IN THIS SECTION

Missionery Society Holds Its Cusiness Session This Morning.

TO MEET AT M'KEESPORT

Next Session Scheduled for Down River Town During Month of September.

At this morning's session of the Western Pennsylvania Christian Missionary society at the First Christian church, a resolution went through to the effect that a committee be appointed consisting of seven members to investigate the Northfield, Mass., idea of a ministerial school and visitng place, and to secure data concerning the probable cost of the construction of such a school for this section. The committee will report at the next convention which, it was decided at the business sesson this morning, will be held in McKeesport September 27 to 29.

Other resolutions adopted were: That the policy for the next six months be to support the 12 mission churches in this district now being suppported; That an effort be put forth to interest every church in State missions; That copies of the "Christian Evangelist" be placed in every home of the Christian denominaton in the district; That the work of the State secretary, E. A. Hibler, be approved; that the thanks of the convention be tendered to the Charleroi church and to Charleroi people for their kindness and hositality.

There is an enrollment of 115 in the convention, it has been learned, 35 being ministers. There were 41 places reported from this morning regarding missionary work, one from Africa. At the convention is a Bulgarian missionary, Basil S. Keusseff. Belle Vernon has the best reresentation, there having been 15 registered from there.

At this time in the same seven churches there is a total membership of 3,300. In Western Pennsylvania there is a total membership of approximately 21,200 now.

W. Woodbury of Belle Vernon, and Rev. Lawson Campbell. Rev. John Mullady, of Claysville and Rev. F. A. Wright, of Pittsburg, discussed "The Country Church." This afternoon the Bible School session is being held, and this evening the Young People's session will be held. State Superintendent W. G. Winn will preside at the former and State C. E. Superintendent C. M. Watson will preside at the later service. Tonight the convention closes.

Pennsy Making Up River Extensions

Continuing Line From Rices Landing South, and May Enter West Virginia.

One hundred teams are at work on the extension of the P. R. R. up the Monongahela river from Rice's Landing. It is supposed that the destination is the mouth of the little Whitely creek, surveys having been made to this point some time ago. Nothing definite has been given out about the proposed extension by the officials. The terminal is supposed to be some point in West Virgina. Work has been going on about ten days and its being rapidly pushed.

MR. TENER ON A TRIP

Makes a Visit to Beaver Co. To Look After His Political Interests.

Congressman J. K. Tener was the principal speaker at a meeting of the Republican Club at Beaver Falls last night. The meeting was supposed to be a gathering of some of the principal workers of the county, but so many turned out that it became a veritable mass meeting. The hall in which it was held was crowded, over 500 being present.

The meeting was presided over by Attorney J. L. Holmes of Beaver. In addition to Mr. Tener other speakers from Washington county were present. These were Attorney Jas. P. Eagleson, one of the leaders of the Independent Republican element and County Chairman Richard G. Miller of Washington, and Samuel C. Todd of Charleroi. Other speakers from various parts of Beaver county were also present.

Mr. Todd states that it was of one of the biggest and most enthusiastic political meetings he ever attended. Reports from all over Beaver county show that the sentiment for Mr. Tener is stronger than two years ago, and that he will carry the county by a much larger majority.

The School Picnic.

The publication today of the committees appointed by the borough school board to help promote the annual picnic for the children of the public schools is a reminder that this is an event in which all can participate. While the arrangements are in charge of the school board and the committees of citizens, and everything is free to children, parents and school patrons generally can join in the outing and not only exercise supervision over their own children, but can have a day of enjoyment as well. A day's outing at Eldora Park is good for anyone just now, and it would no doubt prove a welcome respite to housewives and mothers after the arduous duties of the dust raising and carpet beating period of house-cleaning.

Starting with the generous impulse of the business people, the first school picnic was such a success that it was decided to make it an annual feature. At first it was financed by contributions, but now the school board has taken charge of the affair with the assistance of the citizens and school patrons, and by means of entertainments by the school children have raised fnuds to defray expenses. This annual entertainment will be held tonght and tomorrow night at School Hall. It is a pleasing cantata, and all who attend will not only get value received for their money but will help to provide a day of enjoyment for the children.

Paying the Penalty.

The sentence of Frank Morgan, the colored youth who shot and seriously wounded a Chinese laundryman in Charleroi as the result of a trifling dispute, should serve as a warning to those who are impressed with their own prowess and self-assertion in their personal contact with their fellows. Morgan evidently wanted to pose as a "bad man," but a commitment to the Huntingdon Reforamtory for an indefinite period will no doubt impress him with the idea that there is a higher arbiter of humann conduct than himself.

With a knowledge that his stay in the institution is determined by his own conduct, the youth will learn the lesson of self-restraint that should have governed him from the start. The lesson is a severe one, but it will show to others that evil passions cannot be given full sway, and that personal violence will not be tolerated. Those who curb their passions and do to others as they would have others do to them, are not only the salvation of society, but are Christians of the truest type.

Hot Bread.

Uncle Sam is not only showing the people how to cook, as is evidenced by the 500,000 edition of Government cook books that is shortly to be issued but he is also teaching the people how to eat. One of the recent efforts in this direction is a statement from Secretary Wilson of the Agricultural Department that hot bread is not prejudicial to digestion, thus puncturing a time-honored theory held for time immemoral by the medical profession and laiety alike. Secretary Wilson's statement is "It is not the hot bread that hurts."

Put in this way the statement carries an inference that it is something else besides the bread that does the damage, and the logical sequence is that it is the manner of eating hot bread, rather than the article itself, that may prove injurious. If hot bread is masticated thoroughly, there is no reason why it should be any more harmful than a cracker, but in the ordinary American way of bolting, hot bread is converted into indigestive lumps, and it is these that make business for the patent medicine men and physicians. A demonstration of this is the bread pills we used to make when we were kids and played "doctor." These were about the size and consistency of buckshot, and about as digestible. Thus it is with hot bread, and here is where the immortal Fletcher gets in his work. If you enjoy hot bread and biscuit, but fear the consqeuences, carry out Secretary Wilson's suggestion and Fletcherize, and the bottom will immediately fall out of the pepsin market.

After all maybe it would be better to let women vote. Then when they would get cramped into a small polling place, they would institute proceedings to have hats made smaller, and that would be a big reform.

A popular idea of Hades is where you can have no more than the other fellow.

Will You Pay LIFE INSURANCE or DEATH INSURANCE—Which?

People willingly pay large sums for life insurance, which is really death insurance, but real life insurance frequently consists in taking Eckman's Alterative.

Can any "lung sick" person afford not to take the Alterative? Investigate it. Write this very day for letters, testimonials and affidavits showing that it really has CURED Tuberculosis.

Eggs and milk fatten, without curing. Eggs cost, say, 30 cents a dozen. Forced feeding with eggs and milk (10 eggs a day, $1.50 a week—3 quarts milk a day, at 5 cents, $1.05) costs over $3 a week.

Eckman's Alterative sharpens the appetite, makes life look different, brings better health with greater earning power. Often persons are so much improved that they can work even before they are finally cured.

Send today for literature on the subject, if you are broad minded enough to believe that there can be a cure which has not been sensationally exploited, or which is not based merely on climatic or diet restrictions.

Eckman's Alterative is good for all Throat and Lung troubles, and is on sale in Charleroi by W. F. Hennings and other druggists. It can also be obtained at, or procured by, your local druggist. Ask for Booklet of Cured Cases or write for evidence to the Eckman Laboratory, Phila., Pa.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

CANTATA AS A BENEFIT

May Queen Will be Produced at School Hall Tonight by Children.

There were 730 children who witnessed the matinee of the "Queen of May," given at School Hall yesterday afternoon. The evening production of the cantata will be given tonight and tomorrow night for the benefit of the fund for the school children's outing, and is directed by Prof. I. T. Daniel, superivisor of music in the schools.

The cantata is a beautiful song affair in two parts. The argument shows that in the first part, according to custom, the children have met to plan their May-day celebration. A beautiful woodland spot being selected for the festivities they agree upon Lois, a girl beautiful in character and fair of face, for their Queen. Lois, however, not being present, has no knowledge of her coming honor. The planning completed, the villagers withdraw to their homes to await the coming of May-day.

Meanwhile, a band of tricky elves, indignant that mortals should dare to to desecrate their favorite haunt, endeavor to thwart the children's plans by retarding the coming of spring, so that there shall be a lack of flowers for the festivities. However, on the eve of May-day. Titania, Queen of Fairies, calls her good and loyal subjects together that they may counteract the work of the wicked elves. Under the influence of love, the magic spell they exert, flowers spring up everywhere, May-day dawns bright and clear, and the children gleefully return to crown Lois Queen of May, and to celebrate the day according to the original plans.

Mrs. I. T. Daniel will sing Denza's "May Morning," and Mrs. Clifford Joshua will recite "My First Recital" at this evening's performance.

FRANK MORGAN SENT TO HUNTINGDON FOR ATTACK UPON LOCAL CHINAMAN

All Depends Upon Himself As To How Long He Will Remain In Pennsylvania School Of Correction.

Frank Morgan the young colored man, who a few weeks ago shot and seriously injured William Yee Yeg in the latters' laundry on Sixth street, was found guilty yesterday at his trial, and sentenced to Huntingdon Reformatory for an indefinite time.

Evidence was brought out to the effect that Morgan had been refused his laundry at Yee's place, not having the money. He went out of the laundry, returned, pulled a revolver and shot five times at Yee. One bullet hit Yee over one of his lungs and he was in a serious condition for several days.

Yee Yek appeared in court himself and testified. A witness in the case, who acted as interpreter for the Chinaman, was Charles Dean, himself a Chinaman, but apparently well educated and thoroughly Americanized. Morgan's defense was that Yee Yek pulled a gun first.

The period of sentence to Huntingdon will all depend upon Morgan himself. For good behavior, his sentence may be short, probably not more than two years. It is stated that he could be made to serve ten years there however, if his behavior is not of such as to admit of his release.

Under the direction of John Tcharyk of Charleroi a drama "The Clerk and His Sweetheart," will be produced in Russian at Turner Hall this evening for the benefit of St. John the Baptist Russian Orthodox church of Charleroi. The cast is purely Russian, and home talent, and the various participants, it is said, are well trained in their various parts.

Mrs. Harper of Meadville and her daughter Florence are visitors at the home of the former's daughter, Mrs. Alden O. Davis of Fallowfield avenue.

COMMITTEE GETTING GOOD SUM OF MONEY FOR FOURTH

In this issue appears a potrait of Prof. F. B. Franks, the strong man who has been engaged to wrestle a bull at the ball park as one of the attractions on the Fourth The portrait is reproduced from a photograph taken especially for the Mail. The committee on sports has offered $100 for a bull that this strong man cannot throw in 10 minutes. There is no limit to the size of the beast, the only requirement is that it has horns, so if any farmer has a bull with some fighting qualities and wants to enter the animal against this man, he has to but make it known to J. J. Hott, chairman of the sports committee.

The finance committee will have its report ready in a few days. The members say they are meeting with good success and will make a complete report as soon as they call on every business place in the town. In talking to the chairman of finance, R. H. Rush, as to whether the committee would be able to raise enough money to carry out the original plans and to give Charleroi the biggest day the town has ever had. He said:

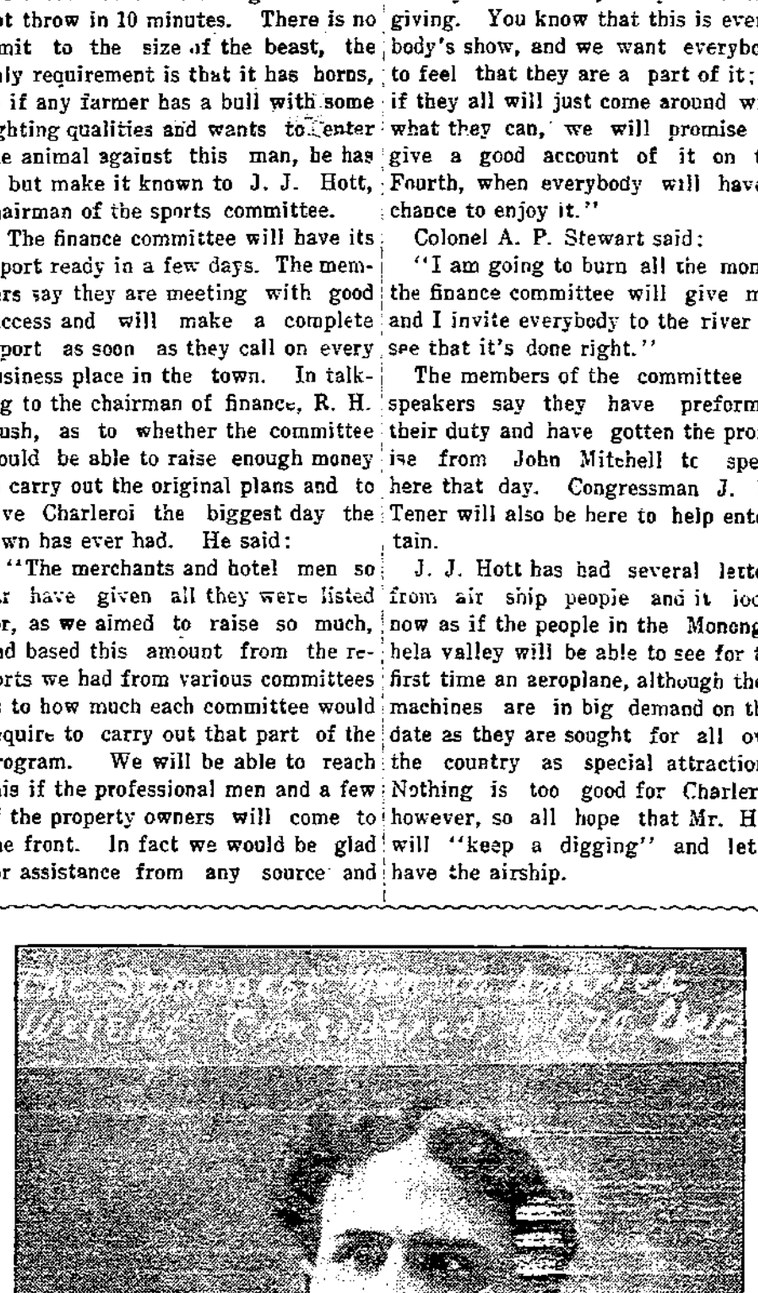
"The merchants and hotel men so far have given all they were listed for, as we aimed to raise so much, and based this amount from the reports we had from various committees as to how much each committee would require to carry out that part of the program. We will be able to reach this if the professional men and a few of the property owners will come to the front. In fact we would be glad for assistance from any source and any one wanting to assist financially can do so at any time. They can hand theirnames and amcunts to myself at the First National Bank or E. W. Hastings at the Trust company or to K. W. Daly at the Bank of Charleroi, who will be glad to give them credit for any amount they may feel like giving. You know that this is everybody's show, and we want everybody to feel that they are a part of it; so if they all will just come around with what they can, we will promise to give a good account of it on the Fourth, when everybody will have a chance to enjoy it."

Colonel A. P. Stewart said:

"I am going to burn all the money the finance committee will give me, and I invite everybody to the river to see that it's done right."

The members of the committee on speakers say they have preformed their duty and have gotten the promise from John Mitchell to speak here that day. Congressman J. K. Tener will also be here to help entertain.

J. J. Hott has had several letters from air ship people and it looks now as if the people in the Monongahela valley will be able to see for the first time an aeroplane, although these machines are in big demand on that date as they are sought for all over the country as special attractions. Nothing is too good for Charleroi, however, so all hope that Mr. Hott will "keep a digging" and let us have the airship.



MINISTERIAL SCHOOL MAY BE BUILT IN THIS SECTION

Missionery Society Holds Its Cusiness Session This Morning.

TO MEET AT M'KEESPORT

Next Session Scheduled for Down River Town During Month of September.

At this morning's session of the Western Pennsylvania Christian Missionary society at the First Christian church, a resolution went through to the effect that a committee be appointed consisting of seven members to investigate the Northfield, Mass., idea of a ministerial school and visitng place, and to secure data concerning the probable cost of the construction of such a school for this section. The committee will report at the next convention which, it was decided at the business sesson this morning, will be held in McKeesport September 27 to 29.

Other resolutions adopted were: That the policy for the next six months be to support the 12 mission churches in this district now being suppported; That an effort be put forth to interest every church in State missions; That copies of the "Christian Evangelist" be placed in every home of the Christian denominaton in the district; That the work of the State secretary, E. Pennsy Making Up River Extensions

Continuing Line From Rices Landing South, and May Enter West Virginia.

One hundred teams are at work on the extension of the P. R. R. up the Monongahela river from Rice's Landing. It is supposed that the destination is the mouth of the little Whitely creek, surveys having been made to this point some time ago. Nothing definite has been given out about the proposed extension by the officials. The terminal is supposed to be some point in West Virgina. Work has been going on about ten days and its being rapidly pushed.

MR. TENER ON A TRIP

Makes a Visit to Beaver Co. To Look After His Political Interests.

Congressman J. K. Tener was the principal speaker at a meeting of the Republican Club at Beaver Falls last night. The meeting was supposed to be a gathering of some of the principal workers of the county, but so many turned out that it became a veritable mass meeting. The hall in which it was held was crowded, over 500 being present.

The meeting was presided over by Attorney J. L. Holmes of Beaver. In addition to Mr. Tener other speakers from Washington county were present. These were Attorney Jas. P. Eagleson, one of the leaders of the Independent Republican element and County Chairman Richard G. Miller of Washington, and Samuel C. Todd of Charleroi. Other speakers from various parts of Beaver county were also present.

Mr. Todd states that it was of one of the biggest and most enthusiastic political meetings he ever attended. Reports from all over Beaver county show that the sentiment for Mr. Tener is stronger than two years ago, and that he will carry the county by a much larger majority.

The School Picnic.

The publication today of the committees appointed by the borough school board to help promote the annual picnic for the children of the public schools is a reminder that this is an event in which all can participate. While the arrangements are in charge of the school board and the committees of citizens, and everything is free to children, parents and school patrons generally can join in the outing and not only exercise supervision over their own children, but can have a day of enjoyment as well. A day's outing at Eldora Park is good for anyone just now, and it would no doubt prove a welcome respite to housewives and mothers after the arduous duties of the dust raising and carpet beating period of house-cleaning.

Starting with the generous impulse of the business people, the first school picnic was such a success that it was decided to make it an annual feature. At first it was financed by contributions, but now the school board has taken charge of the affair with the assistance of the citizens and school patrons, and by means of entertainments by the school children have raised funds to defray expenses. This annual entertainment will be held tonght and tomorrow night at School Hall. It is a pleasing cantata, and all who attend will not only get value received for their money but will help to provide a day of enjoyment for the children.

Paying the Penalty.

The sentence of Frank Morgan, the colored youth who shot and seriously wounded a Chinese laundryman in Charleroi as the result of a trifling dispute, should serve as a warning to those who are impressed with their own prowess and self-assertion in their personal contact with their fellows. Morgan evidently wanted to pose as a "bad man," but a commitment to the Huntingdon Reformatory for an indefinite period will no doubt impress him with the idea that there is a higher arbiter of humann conduct than himself.

With a knowledge that his stay in the institution is determined by his own conduct, the youth will learn the lesson of self-restraint that should have governed him from the start. The lesson is a severe one, but it will show to others that evil passions cannot be given full sway, and that personal violence will not be tolerated. Those who curb their passions and do to others as they would have others do to them, are not only the salvation of society, but are Christians of the truest type.

Hot Bread.

Uncle Sam is not only showing the people how to cook, as is evidenced by the 500,000 edition of Government cook books that is shortly to be issued but he is also teaching the people how to eat. One of the recent efforts in this direction is a statement from Secretary Wilson of the Agricultural Department that hot bread is not prejudicial to digestion, thus puncturing a time-honored theory held for time immemoral by the medical profession and laiety alike. Secretary Wilson's statement is "It is not the hot bread that hurts."

Put in this way the statement carries an inference that it is something else besides the bread that does the damage, and the logical sequence is that it is the manner of eating hot bread, rather than the article itself, that may prove injurious. If hot bread is masticated thoroughly, there is no reason why it should be any more harmful than a cracker, but in the ordinary American way of bolting, hot bread is converted into indigestive lumps, and it is these that make business for the patent medicine men and physicians. A demonstration of this is the bread pills we used to make when we were kids and played "doctor." These were about the size and consistency of buckshot, and about as digestible. Thus it is with hot bread, and here is where the immortal Fletcher gets in his work. If you enjoy hot bread and biscuit, but fear the consqeuences, carry out Secretary Wilson's suggestion and Fletcherize, and the bottom will immediately fall out of the pepsin market.

After all maybe it would be better to let women vote. Then when they would get cramped into a small polling place, they would institute proceedings to have hats made smaller, and that would be a big reform.

A popular idea of Hades is where you can have no more than the other fellow.

Chi-Namel Varnish on floors or furniture stands all sorts of abuse without showing white scratches or bruises. Large cans and small ones. Sold by T. P. Grant. 35
